Windermere's Fans Help Breeze Through Summer

Rancho Mirage, CA (July 23, 2011) Windermere agents throughout the Western United States each year participate in a Windermere Community Service Day, an event where each office selects and supports a local project benefiting the community in which they live, work and play.

This year, Windermere Coachella Valley's offices have designated Tuesday, July 26, as 'Windermere's Summer Cool Down.' This very special Community Service Day event will provide new (in original packaging) electric fans...lots and lots of them, table-top, oscillating, floor stand, window and box fans...you name it, we're bringing it. These fans will help our in-need neighbors stay cool and comfortable during this very warm time of year.

Windermere is teaming with the Nightingale Society, a volunteer auxiliary of the Visiting Nurse Association of the Inland Counties (VNAIC), for this very special event, in which fans will be made available to home health and hospice patients in need, each of whom is sure to appreciate 'something cool.'

If you'd like to support this great community project, you can drop off new electric fans of all sizes and styles to any of the Windermere offices in the Coachella Valley any time until July 25th. Receipts are available in each office for tax purposes. For office locations, visit www.WindermereSoCal.com.
