At Windermere, Summer is HOT

Rancho Mirage (Calif.) – May 19, 2012 – Windermere Real Estate is gearing up for a very busy summer. While many Coachella Valley real estate companies and agents routinely reduce summer hours or take the season off, Windermere agents and offices are continuing at the same record-breaking pace that propelled the company to reach nearly \$1.5 billion in sales last year. Interest in Coachella Valley residential properties has built over the last years. That is just one part of the reason for the level of activity the company continues to enjoy. Savvy real estate shoppers are more aware than ever of the value in today's desert market; add to that the range of highly desirable Coachella Valley lifestyles, and it's easy to understand what is driving the business. "Windermere Southern California is now in its second decade in the Coachella Valley," says Bob Deville, co-owner. "We offer an ideal combination of full-time, professional real estate agents, financing and related products, and a legendary customer service that continues to be the standard for the industry." With 16 Windermere offices spanning the Coachella Valley as well as offices serving the Southern California coast, Windermere's clients have access to nearly 1,000 licensed Realtors® offering a complete range of residential, commercial and leasing services for Buyers and Sellers.
